

Scope Plane

What I think I need:

- A website
- A showcase for my work
- A method of driving users to contact me directly
- To allow users find my linked-in or github profile

What I actually need:

- A mobile first website
- An list of my strongest skills on a "Home"
- Links to sample sites that demonstrate those skills on a "Sites" page
- Links to sample games that demonstrate those skills on a "Games" page
- A "Request for a CV" popup contact form
- A "Contact Me" page
- Links my linked-in and/or github profile

What I don't know I need:

- More detail on skills on home page
